

# SUDEEN JAIN H R

AI & ML Engineer | Full-Stack Developer

📍 India    ✉️ sudinhr1@gmail.com    🌐 github.com/sudeenjain    🔗 linkedin.com/in/sudeenjain

## Education

### B.Tech in Artificial Intelligence & Machine Learning

Srinivas University, Mangalore, India

2022 – 2026

Expected Graduation: May 2026

## Summary

Driven AI & ML engineer with hands-on experience in building intelligent systems, cloud deployments, and full-stack web development. Proficient in Python, TensorFlow, AWS, Azure, and modern web frameworks. Passionate about turning data into actionable solutions.

## Technical Skills

- Python, Java, SQL, JavaScript, HTML/CSS
- TensorFlow, Scikit-learn, OpenCV, Pandas
- AWS (EC2, S3, Lambda), Azure, Google Cloud
- React, Node.js, Flask, FastAPI
- MySQL, PostgreSQL, Supabase, MongoDB
- Git, Docker, Linux, REST APIs

## Projects

|                                |          |

## Internships & Experience

---

### AI & Machine Learning Internship,

- Built strong foundations in AI & ML concepts, applied learning through practical tasks, and developed problem-solving skills aligned with industry expectations. Recognized under AICTE.

### Front-End Web Development Internship,

- Gained hands-on experience building responsive and interactive web pages, working with HTML, CSS, JavaScript, and modern frameworks. Strengthened UI/UX design principles and deployment skills. In collaboration with AICTE.

### Emerging Technologies AI & Cloud,

- Strengthened skills in AI and Cloud platforms while gaining hands-on exposure to real-world applications. In collaboration with AICTE and IBM.

### UI/UX Design Internship,

- Enhanced understanding of user-centered design and creative problem solving. Completed a 4-week online internship contributing meaningfully to design projects.

### Web Development Internship,

- Contributed to full-stack web development projects, building and debugging PHP backends and JavaScript frontends across multiple client products.

## Certifications

---

### Project Management Fundamentals — IBM SkillsBuild

Jul 17,

ID: cRerp16F · [Verify](#)

Earned the IBM SkillsBuild Project Management Fundamentals certificate, demonstrating foundational knowledge of project management principles, project planning, project lifecycle, risk management, stakeholder communication, and effective team collaboration.

### Lifelong Professional Skills — IBM SkillsBuild

Jul 17,

ID: nuD07vsk · [Verify](#)

Introduction to essential professional skills, communication, collaboration, adaptability, and career development.

### Getting Started with Artificial Intelligence — IBM SkillsBuild · [Verify](#)

Comprehensive introduction to Artificial Intelligence concepts, ethical AI, and practical applications across industries.

### Deep Learning using TensorFlow — IBM

Deep learning concepts including CNNs, RNNs, and autoencoders using TensorFlow.

### IBM Watson Services Rapid Development — IBM

Job training in building chat widgets and AI services rapidly with IBM Watson.

### Introduction to Artificial Intelligence — Simplilearn SkillUp

Overview of AI techniques, applications, and basic algorithms.

### Introduction to Generative AI Studio — Google Cloud + Simplilearn

Practical generative AI studio skills using Google Cloud tools.

### Machine Learning — Ethnotech Academy

Practical ML training with regression, classification, and clustering implementation.

### Machine Learning — Intel EdGate Technologies

Industrial training utilizing Intel solutions and tools for ML.

### Predictive Analytics using IBM SPSS Modeler — IBM

Data mining and predictive analytics modeling using IBM SPSS.

### AWS Academy Cloud Foundations — AWS Academy · [Verify](#)

Graduate training badge in AWS cloud fundamentals and architecture covering core services, pricing, and security.

**Solution Architecture** — AWS + Forage · [Verify](#)  
Job simulation in designing scalable, resilient solution architectures for enterprise-grade systems.

**Journey to Cloud** — IBM SkillsBuild · [Verify](#)  
Envisioning cloud-first solutions, digital transformation strategies, and enterprise architecture design.

**Azure Fundamentals** — Skillsoft · [Verify](#)  
Microsoft Azure cloud computing essentials virtual machines, storage, networking, and identity management.

**Microsoft Azure Fundamentals** — Infosys Springboard  
Microsoft Azure cloud computing foundations and services overview.

**Web Development Fundamentals** — IBM SkillsBuild · [Verify](#)  
Full-stack web development covering front-end technologies, responsive design, and modern deployment pipelines.

**Front-End Web Development Internship** — IBM SkillsBuild & Edunet Foundation  
Front-End Web Development Internship certification.

**Website Development Tutorial** — Infosys Springboard  
Practical training in website layout and styling.
